What a Celebrated Physician Says.

We notice in one of the papers that a

celebrated physician says "that bread and

milk is the most healthful food one can

eat."

Now we think this true, providing the

milk has passed a pure food inspection

and the bread is made from "Perfection

flour."

A Lady From Emporia

After having spent some time with a Kansas City decorating house, came in the store and told MR. HILL if he could show a better line of WALL PAPER at as good prices he would be given the contract of decorating their new residence.

And He Did!

ADMISSION 5c

Ladies and Children Invited

Wants Pictures Returned.

Philadelphia, Feb. 21.—Acting upon

a letter sent by Chief Justice Miller,

Select Councilman Patton yesterday

presented an ordinance to the council

urging the return to Independence

hall of more than a score of portraits

of statesmen, soldiers and public men

identified with the early history of the

country, which were removed from the

historic building when it was reno-

vated about ten years ago. The por-

traits have been hanging in the city

hall. Among the portraits are those

of Zachary Taylor and Andrew Jack-

son, General Charles Lee, Governors

Snyder, Schultze and Felster; Count

Reid and Dr. Muhlenberg.

"THE PROOFS"

What basis is there for the statement

that there has been no real treatment

for kidney disease?

The medical term for kidney disease is

NEPHRITIS, which means inflammation

of the kidneys, and till recently there

was nothing that would allay kidney in-

flammation.

But there are many kidney medicines

so-called and many people with kidney

trouble get well.

Because it commonly gets well at first.

Medical writers now declare that kidney

disease develops so unconsciously that, as

a rule, it is far advanced before it is

discovered (see "Medical Brief," p. 802).

They admit that in the secondary stage

they have no specific for it (see same au-

thority, same page).

That this is true is also shown by the

enormous growth of the census deaths

from kidney disorders—now over 150 per

cent.

How then can any of the old time kid-

ney medicines be considered "cures"?

After two years of quest and experience,

the late John J. Fulton was the first man

in the world to discover a compound that

by direct action of the kidneys tissues al-

ways kidney inflammation.

Fulton's Renal Compound, as it is called,

controlling kidney disease, both in the

first and second stages, that were never

known before to respond to medicine.

Literature mailed free.

SNAPSHOTS

Most of the visiting Masons have

gone home.

The most important ad in today's pa-

per is that of August's.

All the banks in the city will be

closed tomorrow on account of the day

being Washington's birthday.

One of the best acts at the Novelty

this week is the Whiting trio in their

Indian love idyl entitled "Cariboo."

Madame Orbananny's cockatoos at the

Majestic this week comprise one of the

leading acts on the bill. The work of

the cockatoos is good.

The Washburn College Dramatic so-

ciety has decided upon "The Professor's

Love Story" for its annual play. This

play will be staged at the Grand next

month.

The Dixie Jubilee singers will ap-

pear at the Auditorium tonight as one

of the numbers on the lyceum course

arranged for the benefit of the pipe

organ fund.

So far this season the entries for the

Topeka bench show exceed those of

last season. The entries are not as

yet closed and the indications all point

to a successful show.

A new interlocking plant is being in-

stalled in the Santa Fe yards on Sec-

ond street. This will take the place

of the old interlocking plant which the

Santa Fe has outgrown.

Nearly all the tickets for the Bryan

lecture at the Auditorium next Sunday

afternoon have been given out. Mr.

Bryan will deliver his famous lecture,

"The Prince of Peace."

The February number of the Book

Island Employees' Magazine overlook-

ed a very important social announce-

ment, the wedding of Harley Rehm-

an, editor of the magazine.

Rev. C. J. Roberts of Marion, Ind.,

will arrive in Topeka next week and

will assist in the revival meetings

which will be started at the First

United Brethren church, March 1.

The Tambo Duo, who do a dancing

stunt on roller skates at the Olympic

theater, are drawing crowded houses

with their meritorious performance.

The entire bill at the Olympic this

week is a good one.

A leak in the mains leading into the

rooms of the Kansas Medical college

yesterday afternoon shut off the supply

at the college and it was necessary for

the students to wear overcoats during

the entire afternoon.

Luther Taylor, the popular deaf

mute pitcher of the New York Giants,

was in Topeka yesterday and attend-

ed a masquerade dance on Lincoln

street last night. "Dummy" will leave

for training quarters at Marlin Springs,

Texas, in a few days.

Dick Cooley of the local baseball

team will arrive today for Kansas City

where he will attend the Western as-

sociation schedule meeting which will

take place there tomorrow. F. P.

Robbins, secretary of the local team,

will accompany Cooley.

If the plans of the managers of the

Topeka Chautauque assembly mature,

Topeka will have the pleasure of hear-

ing Senator Robert M. La Follette of

Wisconsin and Senator John Sharp

Williams of Mississippi, during the as-

sembly this summer.

TO SEE A BULL FIGHT.

One Arranged at Callao Especially for

Bob Evans's Men.

Callao, Feb. 21.—The American battle-

ships, under Rear Admiral Evans, look-

ing clean and trim and powerful in the

tropical sun, came to anchor in this

port yesterday. The booming of salutes

announced the arrival of the fleet, but

there was no need to send out signals,

for every resident of Callao and great

crowds from Lima had gathered back

on the hills, had awaited with expectan-

cy the first glimpse of the advancing

column.

Callao was in holiday array wishing

to show that Peruvian hospitality was

second to none in South America and

many thousands viewed from the

wharves the head lands and the ships

on the harbor the imposing scene. En-

thusiastic crowds went down the bay

on carmen steamers and cheered the

American men of war. The Peruvian

cruiser Colonel Dolognes bearing the

first official welcome to the fleet, joined

the American vessels 250 miles to the

southward, having the day before ex-

changed greetings by wireless with the
